MARITIME TRANSPORT (TRANP/LINER SHIPPING)

We are a non-vessel operating common carrier (NVOCC) and do charter vessels for the transportation of cargo round the world. We work with great and renowned companies like INTERMARIME the world's second leader in heavy lift transportation, TOPSHEEN LTD one of the greatest Chinese shipping company, ALANTIC SHIPPING owning a fleet of twenty (45) vessels in the transportation of dry and liquid cargo. We are always ready to move where there is cargo. We respect our schedules, do our all to have very competitive freight rate, qualified staff ready to report on the movement of your consignment. We run vessels of 200TONS to 45 000TONS.

SHIPPING AGENCY:

A very reactive and experienced team, bilingual (French, English) well trained agents following all your operations 7/7 days, 24/24 hours with proactive and forward thinking approach. This ensures that potential problems are anticipated and acted upon before they can escalate.

Our agents are equipped with satellite phone in case of connection black out, android cell phones and ipads with 24/24 internet connection ready to respond to all your enquiries (Quick, accurate, Efficient and effective communication with clients).

Over the years we have built good and strong relations with port authorities and other port stake holders to facilitate operations (smooth, timely berthing, dispatch of vessels) and ease recovery of invoices for a prompt establishment of the FDA.

- Ready to properly justify all expenditures and invoices will be sent to you for auditing.
- Ready to establish time shifts as per your request, this to protect your interest.
- Flexibility in payments of PDAs.

- We have two buses of 35 and 19 seats for your crew changes and other needs.

STEVEDORING

- A safe, reliable, experienced stevedoring team with not less than 15 year in the industry, ready for a rapid loading and discharging of your vessel 7/7 and 24/24.
- Our passion for safety, quality and operational excellence ensures our customers can move their products via us safely, efficiently and cost-effectively.
- Our modern handling equipment and gear has helped make GLOLOG Ltd stevedoring an industry leader in general/break-bulk cargo handling.
- As one of the leading stevedoring companies in the sub-region, we load or unload more than 800 000 metric tons yearly

We pride ourselves on having the right piece of equipment for the important task at hand. The main drivers for our constant equipment innovation are the ever-changing cargoes that cross our terminals, our concern for the safety of our personnel, and our ongoing focus on cargo care. All these contribute to boost our loading or discharging rate/out turn.

- Readily establish time shifts and out turn reports this for a timely reporting of a vessel under us.
- A temporal storage terminal within the port area to facilitate the transfer of cargo directly discharged from vessels helps to increase the out turn/ quick release of vessels

FREIGHT FORWARDING

Our reliable sea and air cargo services ensure that your goods reach any continent in the world safely and on time. We provide a variety of FCL (full container load), LCL (less than container load) and special project transport solutions tailored to your needs.

Thanks to long-standing relationships with a range of carriers, we can act flexibly, offer secured vessel space, and make use of large volumes to negotiate the best conditions for your freight shipments. We provide temperature-controlled transport as well as special equipment for oversized cargo, break bulk, vehicle transport and more. To minimize transshipment risks, we preferably ship via the most direct route. Customs clearance and transport insurance are available upon request.
